DESIGN REVIEW
VISUAL SYSTEMS
QUALITY CONTROL

ABOUT ME

I research audience trends and hidden patterns, combining graphic design and Trust & Safety experience. I audit and refine visual systems to improve quality and consistency, balancing user perception with business goals.

- Trend research & audience behavior analysis
- Pattern recognition & data-driven insights
- Graphic design & visual content audit
- Trust & Safety moderation expertise
- Visual consistency across media
- Visual systems improvement
- Design system maintenance
- Brand asset management
- Visual quality control
